"Be the change that you want to see in the world."

Summary

Industrial engineering graduate with a strong foundation in maintenance, instrumentation, and automation. Backed by several field internships in the oil and gas sector and hands-on entrepreneurial experience since 2020 in a family business specialized in importing hydraulic products. Seeking to contribute to a dynamic company's technical and logistical development while enhancing my skills in an innovative environment.

Work Experience

SARL Palimas Import-Export Company

Associate in a Family Business – Import of Hydraulic Products

Technical and logistics coordinator: preparation of technical quotes, stock management, order follow-up, and coordination with international suppliers. This experience allowed me to apply my knowledge in maintenance and industrial engineering in a real-world context while developing key skills relevant to remote positions (technical support, procurement, technical documentation).

Mascara, Algeria

Feb 2020 - present

Sonatrach, Production Division

Internship

Sensor monitoring, preventive maintenance tasks, and Maintenance management.

Hassi Messaoud, Algeria

Apr 2024

Sonatrach, LNG & LPG Division

Internship
